### 4.1 Description of the first aid measures

**General instructions:** immediately rinse with soap and plenty of water. Use personal protective working aids.

**If inhaled:** Transport the affected person into the open air. If there are respiratory complaints, oxygen must be administered. If irritation persists, seek medical advice.

**In case of skin contact:** Wash contacted area with soap and water. Remove contaminated clothing. If irritation occurs, seek medical advice.

**In case of contact with eyes:** Rinse with a stream of water for at least 15 minutes. Thorough rinsing must be ensured by opening the eyelids. If irritation occurs, seek medical advice.

**If ingested:** Do NOT induce vomiting. If conscious, rinse the mouth and administer a large amount of water to dilute the substance. In the case of unconsciousness, never administer anything orally. If irritation occurs, seek medical advice.
